RETURN TO HORTICULTURE
SECTION OF BOWEN LITERARY

TO OUR PATRONS:

It is with a feeling of modest pride in sending out this little condensed price list to our friends and patrons, and we will hope and ask you kindly to consider and read every price quoted therein, as only good healthy stock is considered and the prices are reasonable. We will ask our friends who have not had the opportunity so far to come in touch with us, and to give us a chance and we will be glad to do our utmost to satisfy the old as well as the new patrons.

1. Our shipping time begins in the Fall, about the last part of September until freezing, and from March to the middle of June.

2. In shipping nursery stock, the best way is by express, as the charges are not much more than by freight.

3. In ordering by letter, give plain address of postoffice and express office. If you are not acquainted with the different varieties, you can leave it to us, and we will do the best for you.

4. All the trees and plants will be carefully labeled and packed in the best way and delivered free of charge to the railroad or express station.

5. Orders must be accompanied with the cash, or with satisfactory references.

GUARANTY OF GENUINENESS.

While we exercise the greatest care to have every tree or plant true to name and are ready on proper proof to replace anything sent out by us that may prove untrue to label, free of charge, or refund the money paid for it, it is understood and agreed between the purchaser and ourselves that we are not to be held liable for any greater sum than that paid to us for the trees that may prove untrue.

Our customers are requested to notify us promptly if any errors occur in filling the order, so that we can correct them at once, as complaints coming in later on will not be considered.
